Registration Deadlines

You only need to complete the examination entry form if you intend to sit paper-based examinations, or paper-based examinations and CBEs. If you only wish to sit CBEs, you do not need to complete the examination entry form and should contact your licensed CBE centre for details*.

For more information on registration and examination entry, please visit the [General FAQs](#) section. (* - See Sections 'How does CBE work?' and 'Where can I sit CBEs?').

CAT CBE extended registration closing date

An extended registration closing period will be available if you wish to attempt CBEs for the Certified Accounting Technician syllabus outside the normal published registration closing dates.

These dates are:

1 January - 28 February for the June examination session; and
16 - 31 August for the December examination session.

The rules and regulations of the CAT CBE extended registration deadline are:

- It is only available for you to sit CBEs between:
 - **1 January and 31 March**, if you also wish to sit paper-based examinations at the forthcoming June examination session; and
 - **16 August and 30 September**, if you also wish to sit paper based examinations at the forthcoming December examination session.
- ACCA will only accept web registrations for this process.
- Declarations, documents and fees must be submitted by the licensed CBE centre and not by individual students.
- Exam entries cannot be changed once submitted to ACCA.

Procedures

The following steps must be taken:

- You should complete an online registration and take note of your reference number.
- The centre submits a form to ACCA, to include the reference numbers by:
 - 28 February for the June examination session; or
 - 31 August for the December examination session.
- A pre registration is created for you to enable you to sit the CAT CBEs.
- You sit your CAT CBEs.
- The centre will submit, on your behalf, the web declaration forms, photos and supporting documentation for registration, along with examination entries and fees by the extended deadlines of:
 - 31 March for the June examination session; and
 - 30 September for the December examination session.
- ACCA will complete the registration and process the examination entries. You will then have your actual registration numbers confirmed.

Please note that this service is only applicable to CAT CBE students who wish to sit paper-based examinations at the immediate examination session after attempting their CBE examinations. All other students, i.e. those not requiring to be registered for paper based examinations at the next session, should submit their registrations through the usual process, at least six weeks prior to their CBE session.

2.50.60 Transferring from CAT to ACCA

The ACCA Qualification is your passport to reaching the highest levels in any organisation – and as a CAT graduate you have the knowledge, skills and practical experience to get off to a flying start.

You will be automatically transferred to the ACCA Qualification register when you have successfully completed your CAT examinations, unless you choose not to select this option when you originally registered as a CAT student. You will be awarded exemption from the Knowledge module of the Fundamentals Level (F1, F2 and F3) and will not be charged an additional registration fee or exemption fees.

You can still opt in for automatic transfer to the ACCA Qualification providing that you put your request in writing to *ACCA Connect* before sitting your final CAT examinations. If you did not opt for an automatic transfer to the ACCA Qualification and wish to continue with the ACCA Qualification examinations, you will need to submit an ACCA Qualification registration form and pay the relevant registration fee.

Once transferred to the ACCA Qualification register, you will be subject to the Bye Laws, rules and regulations applicable to ACCA Qualification students, details of which will be sent to you on transfer.

Passing the remaining ACCA Qualification examinations and gaining three year's relevant experience will lead to ACCA membership. The experience you have already demonstrated to become a Certified Accounting Technician will count towards the work experience you need for ACCA membership.

2.50.70 Time Limits for Candidates Registering for ACCA Examinations

You have 10 years from the date you registered to complete the ACCA examinations.

If you registered before 31 December 2006 and were transferred to the existing syllabus in August 2007, you will have been given a further ten years to complete the ACCA exams, ie you will have until June 2017 to complete.

However, this does not apply to the completion of the BSc Honours Degree in Applied Accounting awarded by Oxford Brookes University (OBU). You will need to complete the degree within ten years of your initial registration date with ACCA.

2.50.80 Update Your Contact Details

Increasingly, ACCA will be communicating with you and sending you important information by e-mail so it is really important that you supply us with an e-mail address and ensure you keep this and your other personal details up to date - you are actually under obligation to do so.

You can update your contact details online through *myACCA*. You must first register on the website by clicking on 'Login to *myACCA*' and entering your student registration number and password. You can also let us know your new details by writing to *ACCA Connect*, or you can e-mail students@accaglobal.com with your change of contact details. Please allow up to four weeks for a change of address to be implemented and ensure that you can access your mail in the meantime.

You may also use the website to check that we hold the correct and most up-to-date record of your contact details on our database.

If you change your name through deed poll, marriage or decree nisi, you will need to inform *ACCA Connect* immediately in writing and send copies of the relevant certificates.

If you are part of a Joint Examination Scheme (JES), you must remember to notify your JES of your change of contact details.

The school welcomes feedback from our students as such inputs will help us to improve the learning environment of the school. This section tells you what the School will do on receiving feedback and suggestions from our students.

We treat any student grievance as important feedback to us. We have staff assigned to manage student welfare including handling grievances and complaints and have a system and procedures to tackle these issues.

- For any complaint or grievance - whether it is verbally lodged; or by letter; fax or email or after regular monitoring, we will document the nature of grievance, complaint and given an interim acknowledgement that the matter is being investigated. The Student Care Executive will acknowledge the complaint within 1 day.
- The Student Care Executive will be required to conduct the necessary investigation to establish the circumstance and facts of the case and forward his/her recommendation to the School Director. The latter will verify and decide whether there are basis to accept or dismiss the complaint/grievance.
- School Director will then offer a solution to the student not later than (7) days. If the student accepts the solution, no further action will be pursued except record and file the proceedings for completed action.

- If the student declines the solution offered by School Director, the complaint will be referred to a higher-level, the CEO, who will review the case and offer a second solution. All these proceedings would be completed within 14 days and complainant is kept informed of the status.
- If the student still refuses to accept the latest solution and before the maximum of 21 days (from date of his complaint), we will suggest that the matter be referred for third party mediation, i.e. Case Mediation Centre or Council of Private Education for a resolution as an alternative to legal action/ proceedings.

NOTE: Proceedings from the beginning of a complaint/grievance are recorded in our Complaint Log that provides information on nature of complaint/grievance and time taken to resolve it.
